SITEBOX STORAGE

THE SPACE YOU NEED— WHEN YOU NEED IT

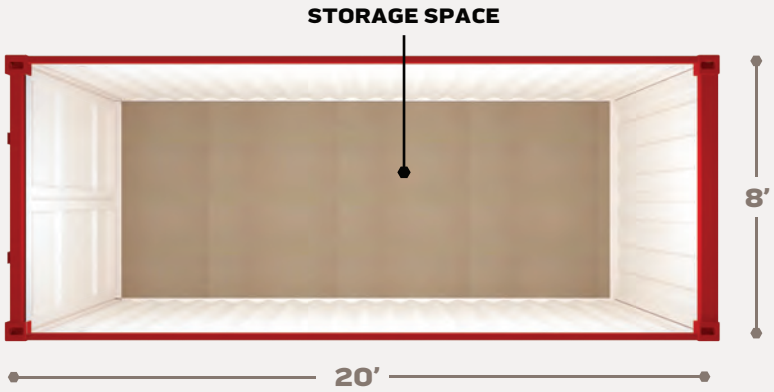
OFFICE, STORAGE, & COMBO UNITS

SITEBOXSTORAGE.COM

PORTABLE STORAGE

When you've got a job that calls for portable storage, you don't want the headache of unreliable vendors. On-time delivery and pick-up are key. SiteBox Storage understands and has been providing businesses with quality storage solutions since 1998. Our friendly, dependable staff will guide you in finding the perfect storage solution for your worksite, whether you're looking to purchase or lease. Our unmatched logistics mean we're one of the most dependable options around.

FEATURES



GET THE STORAGE YOU NEED

With the option to purchase or lease, we make it easy to bring the convenience of portable, onsite storage directly to your location—whether that's a construction site, retail space, industrial facility, or commercial property. Our storage solutions are designed to help you stay organized, secure, and efficient without the hassle of off-site storage or construction.

With 10', 20', and 40' container options built to standard ISO specifications, and storage trailers for easy dock access, we have the flexibility to meet a wide range of storage needs. Confidently plan your layout, maximize your space, and then scale up with additional units as your needs grow.

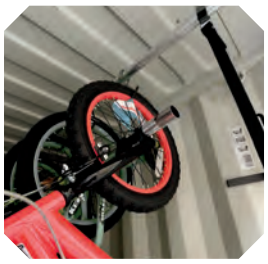
FEATURES

Get the options you need in a 10', 20', or 40' storage unit or dock height trailer. Each unit can be outfitted to suit your needs, by adding ramps, and optional accessories, like bike racks, 3-tier shelving, and pipe racks. All units have highly secure protected lockboxes to deter bolt cutters, and special padlocks can be added for an extra layer of protection. Multiple units can be keyed alike, upon request, to simplify access across your jobsite. The treated steel exteriors are built to withstand tough conditions, offering wind- and water-resistant performance while keeping pests out. Units with doors on both ends can be outfitted with an interior wall divider to create two separate storage spaces.

SECURE LOCKING

Sized to fit container doors



BIKE RACKS

20' and 40' containers hold anywhere from 50 to 100 bikes

3 TIER SHELVING

Keep your floors clean and clear with stable shelving

PIPE RACKS

Hold your piping together firmly and securely

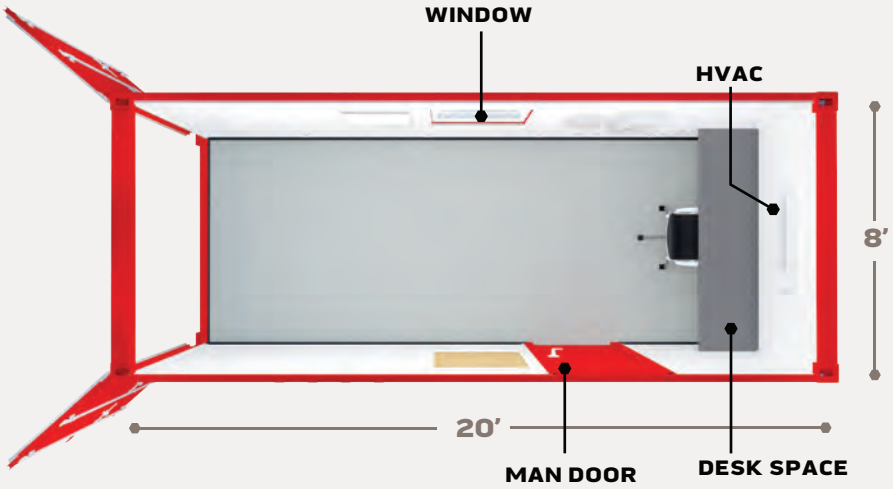
RAMPS

Make it easy for your items to be transported to and from your storage

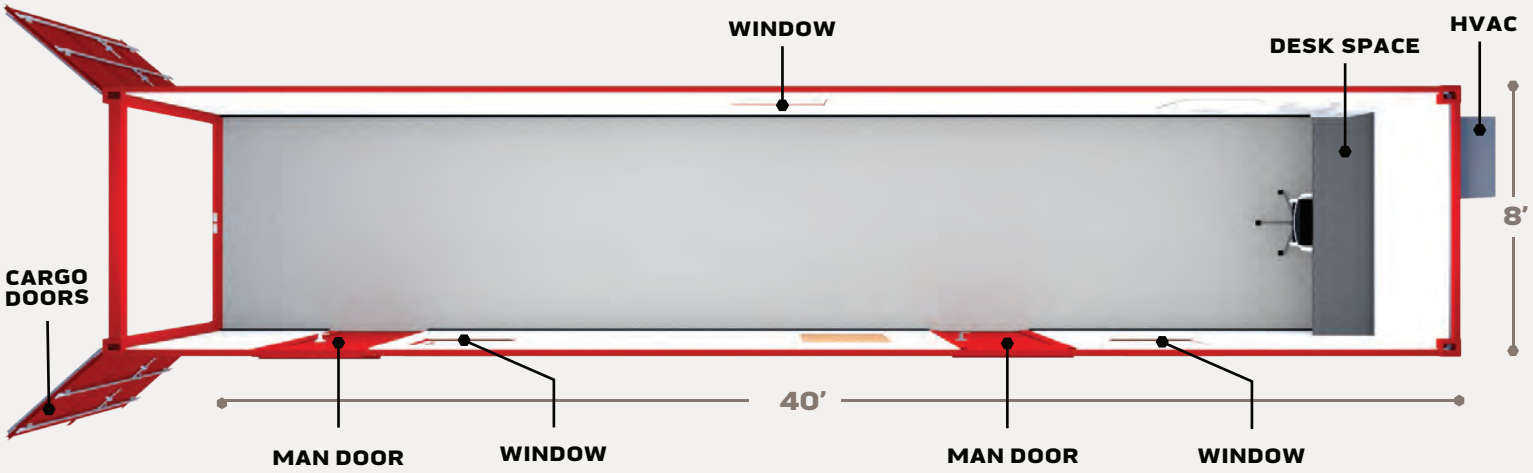
OFFICE ANYWHERE - WITHOUT COMPROMISE

Our portable offices are assembled and finished right in our own production facility, here in the U.S.A., to withstand virtually any setting. Unlike other mobile offices on the market, ours are built to sit at ground level, making them both safer and more attractive. Our portable offices are configured to maximize productivity and provide all of the amenities of a modern brick-and-mortar office to help you take care of business in comfort.

FEATURES



*Chairs not included



RUGGED ONSITE QUALITY:

Each container unit is constructed from heavy-duty steel and designed to withstand tough environments, helping protect your materials, tools, and inventory from weather and jobsite wear. Whether you need short-term storage for a project or a long-term solution to support ongoing operations, our portable storage options are ready to perform where and when you need them.

OFFICE SPACE & CONVENIENT STORAGE - ALL IN ONE

Don't settle for just an office trailer when a SiteBox Office/Storage Combo unit is a perfect fit. You get a safe, ground-level office, plus spacious storage, all in one economical unit. The rugged steel structures are made to take the beating that some worksites deliver. Available in variable sizes, get just the amount of office, or of storage that you need! It's an easy way to keep your worksite organized, even keeping the documents you need right on site.

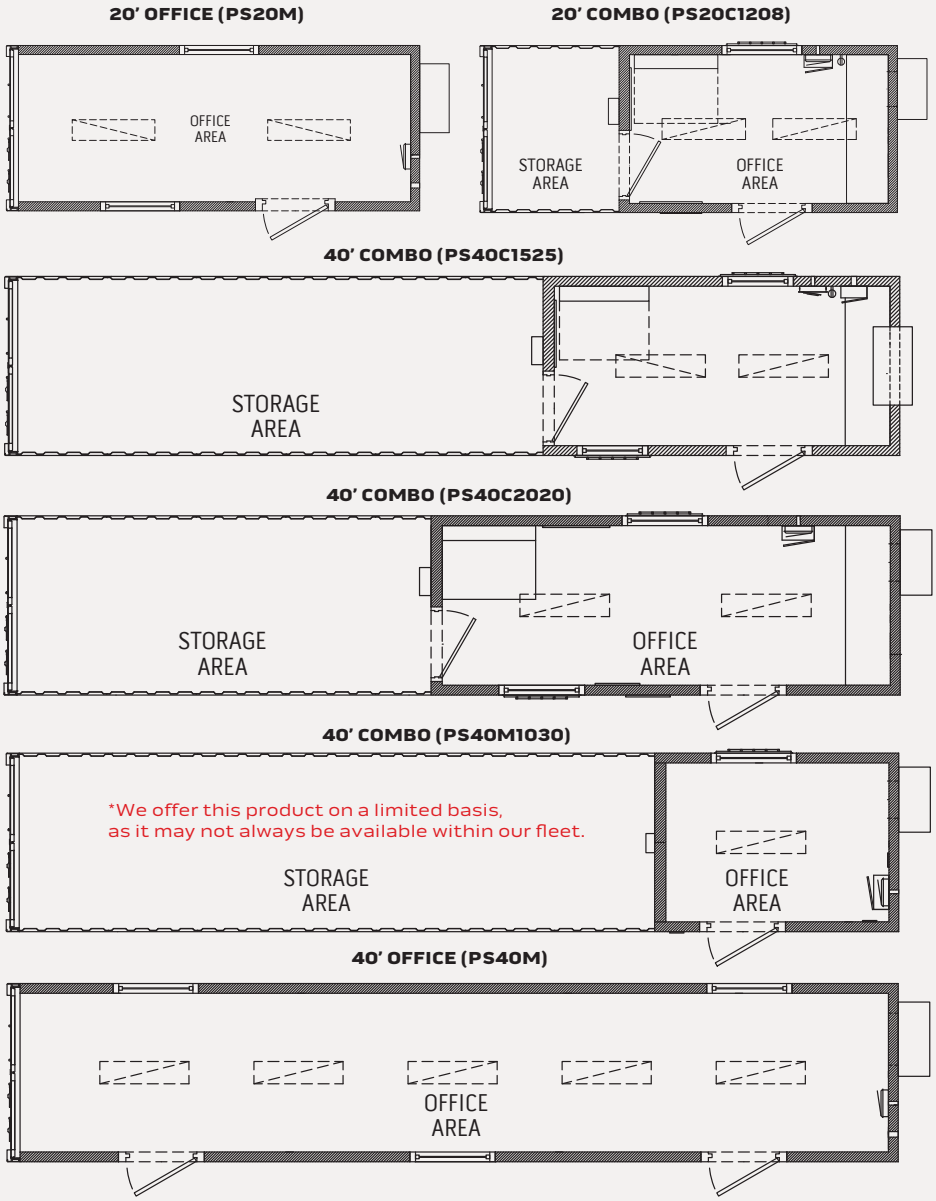
MORE PORTABLE OFFICE FLOOR PLANS



OFFICE AND COMBO FEATURES

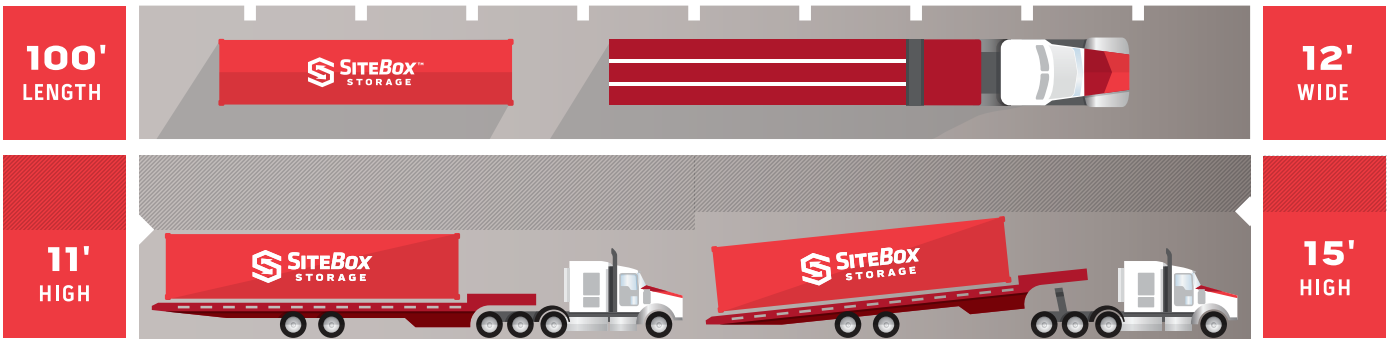
Our mobile offices are available in 20' and 40' lengths that provide a comfortable, functional workspace wherever you need it, no stairs required, thanks to ground-level access. (Ramps are available for loading/unloading cargo.) Exteriors are constructed from treated steel to resist rust and withstand tough conditions, while also being water-resistant and pest-proof to help protect your workspace over time. Each unit includes HVAC with easy-access temperature control, allowing you to maintain a consistent environment.

Inside, units are equipped with fluorescent lighting, ground-fault outlets, and elements to support day-to-day operations, like pegboards, dry-erase boards, and a full-width countertop at the end of the unit for added workspace. Security and safety are built in, with grilled security windows to let in natural light while protecting your assets, as well as smoke detectors and fire extinguishers for added peace of mind.

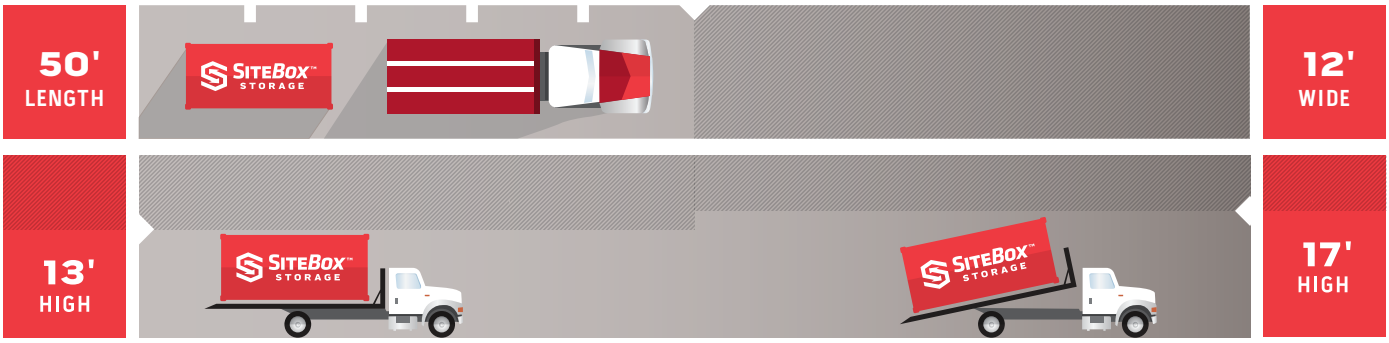
LEAVE THE LOGISTICS TO US

Getting your office on site is quick and easy. Call or go online to have it delivered exactly where you want it, when you want it—thanks to a highly refined transportation system and strategically located SiteBox Storage distribution hubs.

TILT-BED TRACTOR TRAILER | 40 FOOT UNIT



WRECKER TRUCK | 20 FOOT UNIT



HOW MUCH ROOM DO WE NEED TO DELIVER YOUR UNIT?

A 20-foot office needs approximately 50 to 100 feet of straight clearance, depending on the type of delivery equipment available in your area. A 40-foot office needs approximately 100 feet of straight clearance and an approximate width of 12 feet.

CUSTOMIZATION OPTIONS

Have unique needs? Consider buying a modified unit to suit your project. Add restrooms, individual offices, modifications, kitchenettes, and more. You can even combine units to make a larger, multi-section space. **For more custom project details, request our Custom Cut Sheet or contact Taylor Manfull-Dukes at taylorm@siteboxstorage.com, 316.243.7831.**
